“Quality Management - Quality Improvement - Lessons Learned”

Speaker: Marty Jaeger, Jaeger-Holland, Inc.

Pre-Clinic: 6:00 PM “Process Simulation Using
the Quincunx” – Mike McDonald

Dinner: 6:30 PM Meal Cost: Pay Restaurant

Program: 7:30 PM

Wednesday, February 18, 2004 6:00 PM

About the Program: Marty Jaeger will speak on lessons learned in implementing effective Quality Management and Quality Improvement.

- Benchmark your organization on implementation of the 8 quality principles using data gathered from 158 other organizations
- Hear about some of the practices observed at "best in class" organizations
- Hear about the lessons learned over the last 10 years while assisting organizations in developing their quality management systems and making quality improvements
- Explore a model for continual improvement of the effectiveness of a quality management system
- Deliverables include
 - Examples and hands-on to illustrate
 - New methods
 - Increased knowledge
 - Factual information and data that validate much of what attendees already know

About the Speaker: Martin J. Jaeger is a consultant, trainer and QMS Lead Auditor. He has consulted over 150 organizations in their quest to achieve registration and improve their bottom-line. Marty has held positions of VP-General Manager for a Ford Q1 supplier and Vice President Operations for a large equipment manufacturer. He has been quoted in Quality System Update's "Panel of Experts", and in the Informed Outlook's "Product Support Initiative Q&A".

About the Pre-Clinic: "Process Simulation Using the Quincunx"

This pre-clinic will illustrate using the Quincunx, process simulator, how various strategies and variation affects process data in manufacturing, social and everyday applications.

Meeting will be held at:

Sirloin Stockade

4949 W. Hessler Rd., Muncie, IN Phone:(765) 287-9051

Chat from the Chair:

Did you know that the Section is governed by a Plan? I know this is news to some of you but the Executive Board for the Section sets up a governing plan every year. It is known as the Section Management Plan. It is now available to all members on our web site's Connections page at www.asq904.org. Follow our Section's progress and suggest improvements to the plan that we can incorporate for next year.

Have you noticed that our former Treasurer, Rich Ehmer, is missing? Rich has moved to Columbus, Ohio to a new position. We couldn't talk him into coming back every month for meetings so Steve Scott has graciously agreed to finish out Rich's term. My thanks to Rich Ehmer, Steve Scott, and Steve Zylka for helping out and making the transition a smooth one.

This month the Section will have election of officers. Three officers will be elected: Chair-Elect, Treasurer, and Secretary. The Chair-Elect from this year, Mike McDonald, automatically becomes Chair for next year. The Nominating Committee has selected the following officer candidates: Steve Zylka, Chair-Elect; Steve Scott, Treasurer; and Steve Harmeyer, Secretary. Nominations from the floor can also be added to the slate during the election.

Mike McDonald, next year's Chair, will be looking for Committee Chairs to help run the Section for next year. If you would like to help, let Mike or myself know.

On our Connections page on the Section web site, www.asq904.org, members can find all kinds of interesting information such as the item below. Thanks to Bob Cooper for his skill and dedication to making the web site a source of information for our Section's quality professionals.

NIST's *E-Handbook of Statistical Methods* is available FREE on line at www.nist.gov/stat.handbook. The handbook provides modern statistical techniques and updated case studies. The E-Handbook CD-ROM is available FREE by sending and email to handbook@nist.gov. Include your mailing address. Due to high demand the NIST is out of the first printing of the CD-ROM but a second printing is in the works.
